VALENCIA

Hands-on Workshops / Interactive Sessions / Meetings with Experts

Europe's most important multi-disciplinary and multi-professional organisation in the field of pain medicine

We are very excited to invite you to **Pain in Europe XI – the 11TH Congress of the European Pain Federation EFIC.**

In line with our ambition to 'Bring the Future to the Present', the Congress will give room to both established internationally known scientists and their younger fellows and postdocs.

The programme will implement basic science and integrate this into presentations of clinical practice, skills in diagnoses and treatments.

The city of Valencia offers outstanding congress facilities and is famous for its many monumental and gastronomic attractions. Join us there, when Europe's foremost forum comes together.

Bart Morlion
President,
European Pain
Federation EFIC®

Frank Huygen
Scientific Committee
Chair,
Pain in Europe XI

About The European Pain Federation EFIC

The European Pain Federation EFIC is a multidisciplinary professional organisation in the field of pain research and medicine.

Established in 1993, The European Pain Federation EFIC constituent chapters represent Pain Societies from 37 European countries and close to 20,000 physicians, basic researchers, nurses, physiotherapists, psychologists and other healthcare professionals across Europe, who are involved in pain management and pain research.
